National Research Council  
Herzberg Institute of  
Astrophysics  
Room 2057, Sussex Drive  
Ottawa, Ont.  
K1A 0R6

Dear Dr. Herzberg:

On the morning of October 1 1984, Marc Garneau, Canada's first astronaut, will be aboard the U.S. Space Shuttle as it lifts off from Kennedy Space Centre in Florida.

As Distinguished Research Scientist at NRC, you may wish to share in this proud achievement for Canada. The Space Shuttle launch will be a spectacular and exciting event, and we would be happy to see you there.

The National Research Council can assure that NASA V.I.P. accreditation will be given to everyone we invite to this event. NRC has also set aside a number of rooms for guests and we shall be pleased to assist in making arrangements as required.

It would be greatly appreciated if you could let Mrs. Lorraine Collette know by September 6, whether or not you will be able to attend this historic launch. Please call Mrs. Collette in Ottawa at (613) 993-9244.

Yours sincerely,

Clive Willis  
Secretary General
