

12 April 1982

Prof. Samuel I. Goldberg
Department of Mathematics
University of Illinois
Urbana, Illinois 61801

Dear Dr. Goldberg,

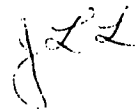

Enclosed is a letter which I hope will enable you to obtain a work permit without difficulty.

Regarding financial matters, we are able to pay you a daily cost of living allowance while in Ottawa (currently \$86 per day) which is non-taxable and to reimburse you for economy airfare from Illinois and return. In addition we will pay an honorarium of \$1500 (Canadian) per month, which is taxable. I hope these arrangements are satisfactory.

Also enclosed is a list of apartment hotels, all of which are located near the center of Ottawa.

Looking forward to having you in Ottawa for two months beginning about 25 May.

Yours sincerely,

J.L. Locke
Director
